

RED LINE® SUPERCool® CONCENTRATE

- Antifreeze/coolant concentrate fortified with WaterWetter® technology for superior protection and cooling.
- Maximizes cooling system performance with superior protection against cavitation corrosion/erosion
- Enhances heat transfer, reducing operating temperatures by up to 20°F
- FOR ALL 2- & 4-STROKE ENGINES / ANY COOLANT COLOR: Motorcycles, Side-by-Sides, ATVs /UTVs and Snowmobiles
- Compatible with gas and diesel engines
- Safe for cast iron, aluminum and brass systems

PACKAGE SIZES:

81235 - SuperCool® Concentrate— ½ Gallon

ABOUT RED LINE COOLING SYSTEMS

- Reduces or eliminates bubbles or vapor barrier that form on hot metal surfaces to reduce coolant temperatures by up to 20°
- Superior heat transfer properties compared to glycol-based antifreeze
- Compatible with new or used antifreeze to improve the heat transfer of ethylene and propylene glycol systems
- Improves heat transfer and reduces cylinder head temperature
- Designed for use with all modern aluminum, cast iron, copper, brass and bronze cooling systems
- Cleans and lubricates water pump seals
- Reduces cavitation and complexes with hard water to reduce scaling
- Does not lower cooling system below the thermostatically-controlled temperature

For health safety information, please refer to the [Safety Data Sheet](#) at REDLINEOIL.COM
